VERBUM DEI RECEIVES \$100,000 GRANT FROM PARSONS FOUNDATION

The Ralph M. Parsons Foundation recently awarded Verbum Dei High School a \$100,000 operations grant, commending the school on its mission to change the lives of inner city youth through the school's remarkable Jesuit education and life preparing Corporate Work Study Program. In bestowing the grant to Verbum Dei, the Parsons Foundation honors Verbum Dei's success as an inner city parochial high school and acknowledges that for last 35 years the foundation has been supporting non-profit institutions that have the highest standards and effectiveness assisting economically challenged families and individuals in Southern California.
